- Applicants must submit an abstract by **September 12, 2025** and will be notified by September 19, 2025 if they are selected to present in-person at the competition.
- Applicants who are selected to present in the in-person competition must be present during a portion of the competition period; additional information will be provided after September 19, 2025. All applicants will be notified of their status following this date, regardless of whether they are chosen to advance or not.

- **Submission method:**
Abstracts are to be submitted by September 12, 2025 via [this link](#).

4. Evaluation Criteria

Abstracts will be evaluated based on:

- Clarity and relevance
- Scientific or conceptual merit
- Innovation and originality

5. General Notes

- All accepted abstracts will require a corresponding poster presentation to be presented at the Americas LNG Summit & Exhibition.
- Posters must match the content described in the abstract.
- Shortlisted submitters must be available to present their posters on October 20, 2025 at the Americas LNG Summit & Exhibition.

ABSTRACT GUIDELINES

All participants are required to submit an abstract for initial review and acceptance. Please adhere to the following guidelines when preparing your abstract:

1. Content Requirements

- **Title:** Should be concise, clear, and reflect the essence of your work.
- **Authors and Affiliations:** Include full names and institutional affiliations of all authors. Please note that only the first contestant listed will be the actual contestant.
- **Background/Introduction:** Brief context for your research/project.
- **Objectives:** Clearly state the purpose of the work or research question.
- **Methods:** Summarize the methods or approach used (if applicable).
- **Results:** Highlight key findings or anticipated outcomes.
- **Conclusion/Impact:** Summarize major conclusions and relevance or potential impact.

GUIDELINES FOR POSTERS

1. Successful candidates are to produce and bring their poster to the Americas LNG Summit & Exhibition.
2. Use a PowerPoint slide with the measurements of 3'x4' (landscape) to create your poster. A template is available for downloading below.
3. Only use high quality images. Make sure that images are at least 200 dpi resolutions.
4. Leave a small amount of space on all four edges of the poster in order to ensure that no images are cut off.
